HEATMISER CONTROLS

Heatmiser neoHub G3

The gateway for the neo system.

The smart gateway for the Heatmiser neo system. It plugs into your broadband router and connects neoStats, neoPlugs and other neo devices to the free neoApp: one hub runs the whole house, from UFH zones to hot water.

CODE
HM-NEOHUB-G3

04 · ORDER CODE

HM-NEOHUB-G3.

One code for this product. Check the specification on page 1 before you order.

05 · WORKS WITH

Complete the system

- Heatmiser neoStat V3
- Heatmiser neoStat-e
- Heatmiser neoPlug
- Heatmiser neoStat-HW

06 · FITTING AT A GLANCE

Full steps in the install manual

1. Connect the neoHub to a spare router port with the Ethernet cable supplied.
2. Power it from the 9V adaptor supplied.
3. Install the neoApp, create an account and add the hub.
4. Add each neo device to the hub from the app, room by room.

07 · BEFORE YOU START

Safety

- Use only the power adaptor supplied.
- Indoor, dry locations only.
- Place it clear of large metal objects that block the radio signal.
