MaxHeatUFH Castellated Floor Panel 1220 x 820mm

20mm clip-free panel for 15 to 17mm pipe

Code: MaxHeatCrate-20

A castellated floor panel for wet underfloor heating finished with screed or self-levelling compound. The pipe pushes in between the raised bosses, so there are no clips to fix, and the large 1220 x 820mm sheets make laying fast.

Key features

- ✓ No clips: the castellated pattern holds the pipe
- ✓ Takes 15, 16 or 17mm pipe
- ✓ Holds the pipe while screed or compound is poured
- ✓ Large sheets, fewer panels to lay

Works with

- 5-Layer PERT-EVOH UFH Pipe 16mm
- Edge Insulation Foam Roll for the room perimeter
- MaxHeatSolo Egg Crate Panel for 12mm pipe
- UFH manifolds

Specification

Sheet size	1220 x 820mm
Panel	20mm
Pipe	15, 16 or 17mm
Finish	Screed or self-levelling compound
