PRESS TOOLS

MaxHeatUFH Electric Hydraulic Press Tool Set

Battery press tool for copper and MLCP.

A battery electric hydraulic press tool for M-profile and U-profile press fittings. Fit M-profile jaws for copper M- press, or U-profile jaws for multilayer (MLCP) fittings. Supplied with 2 batteries and a charger; jaws are sold separately.

CODE

MH-EHCS

PRODUCT

01 · IN THE BOX

What you get

- Electric hydraulic press tool
- 2 rechargeable lithium-ion batteries
- Battery charger
- Carry case
- User manual

02 · YOU WILL NEED

Tools and materials

- Jaws for the sizes you work in (sold separately)

03 · SAFETY

Before you start

- Wear eye protection and gloves when pressing.
- Keep fingers clear of the jaw while it closes.
- Only trained operators should use the tool. Charge batteries with the supplied charger only.

04 · INSTALLATION

Fit it in 8 steps.

1. Charge both batteries before first use, and read the user manual.
2. Choose the jaw: M-profile for copper M-press, U-profile for MLCP, in the same size as the pipe.
3. Fit the jaw into the tool head as the user manual shows.
4. Prepare and insert the pipe as the fitting instructions say.
5. Rotate the head to the best angle, open the jaw and place it square on the fitting.
6. Run the press cycle and let it finish before opening the jaw.
7. If a press stops part way, free the jaw with the manual retract, then cut out and remake the joint.
8. Check the display for battery level and warnings between presses.

05 · TESTING AND COMMISSIONING

Test, check, then hand over

- [x] Check each pressed joint before filling, then pressure test the system.

06 · CARE AND MAINTENANCE

Keep it working

- Clean and inspect the tool and jaws for wear after use.
- Lubricate moving parts only as the user manual says.

07 · JAWS THAT FIT

PROFILE	SIZES	USE
M-profile	15, 22, 28mm	Copper M-press
U-profile	16, 20, 25, 32mm	MLCP press

08 · QUESTIONS

Asked by installers

What is in the set?

The electric hydraulic press tool, 2 batteries and 1 charger. Jaws are listed separately.

Can it press 35mm copper?

Not with MaxHeatUFH jaws. Our 35, 42 and 54mm M-profile jaws are for the MH-HPEHCS only.

09 · WORKS WITH
